

VERSATILE

100% SOLIDS EPOXY SYSTEM

THE DURABILITY AND STRENGTH TO PROTECT COMMERCIAL AND INDUSTRIAL CONCRETE FLOORS

The 100% Solids Epoxy System is designed to protect concrete surfaces from wear, abrasions, and chemical exposure. Using our 4800 Industrial Epoxy, this low-odor product is ideal for commercial and industrial applications requiring a high-build coating. A secondary coat of the 4800 Epoxy can be applied to further

enhance its durability and overall wear resistance. A second coat of the 4800 Epoxy can be applied to further enhance its durability and overall wear resistance. As part of the Performance product line, the 100% Solids Epoxy System offers unbeatable value, combining affordability with quality for our customers.

THE VERSATILE DIFFERENCE

- 8 Standard Colors
- Low Odor
- High Gloss
- Good Resistance to Most Chemicals
